**Concentsus Online Backup – Secure, Flexible, Affordable**

Natural disasters occur every day; floods, fires, hurricanes, earthquakes, etc. Network failure and theft occur even more frequently. It's not a matter of if disaster will strike, it's when. What is your data recovery plan?

Concentsus makes online backup secure, flexible and affordable. Packed with enterprise grade functionality and advanced security features, Concentsus delivers innovative backup technology that will integrate seamlessly into your business.

<b>Secure</b>	
<b>128-bit SSL Encryption</b>	Protects your critical data during transit.
<b>448-bit Blowfish Encryption</b>	Secures your files on our servers for the ultimate in data protection.
<b>Private Encryption Key Options</b>	Choose from Concentsus' 448-bit key or manage your own private key.
<b>Near Continuous Data Protection</b>	Automatically detects and backs up new and updated files every 2 hours.
<b>Flexible</b>	
<b>User Friendly Interface</b>	Designed for simplicity and ease of use, Concentsus makes setting your backup parameters a breeze—we'll do the rest.
<b>Automatic or Scheduled Backup</b>	You set the time for Concentsus to perform your backup. Daily or weekly at whatever time you choose—it's all up to you.
<b>Maintenance Free</b>	Set up your account, complete your initial backup and we'll do the rest. Enjoy peace of mind knowing that your data is encrypted and stored in a safe, remote location.
<b>Bandwidth Throttling</b>	Specify for Concentsus to use more or less of your upload bandwidth so other higher priority services can run unimpeded.
<b>Affordable</b>	
<b>Cost conscious Pricing Plans</b>	Concentsus offers affordable pricing plans without complicated licensing fees or set up charges.
<b>Competitive Rates</b>	When we say pennies a day, we mean it!
